Yokine, Perth 6060

I am an experienced customer service representative looking for jobs in the Information Technology industry as a developer to elaborate my skills and gain more experience in a busy & challenging environment. I can handle multiple tasks and work unsupervised or with a team under supervision. With my responsible and mature behavior, I will complete the untaken task with close attention to detail.

EXPERIENCE

FLUTTER INTERN

Liquimech, Canning Vale

July 2022 -

December 2022

- Designing and developing the company app called 'Liquimech'
- Following senior developer and getting the assigned task completed
- Getting feedback from the senior developer in regards to my code and pushing to git when accepted

PERMANENT TEAM MEMBER

Officeworks, Subiaco

2020 - present

- Dealing with customer's technical issues and fixing it
- Helping customers to find suitable technological devices
- Working at the counter (Point of Sale) and handling cash

CUSTOMER SERVICE

Momo's Café and Restaurant

2019 - 2020

- Juggling many tasks
- Enthusiastic and constant customer service
- Responsible for opening and closing of the café.
